Pool & Spa

ORB-3® SOLUTIONS

Spa Enzymes

Treats up to 16,000 Gal

Reduces skin & eye irritation
Eliminates scum & waterline buildup
Leaves water feeling silky
Minimizes chemical odors

Description Orb-3 Spa Enzymes produces silky soft feeling water with less maintenance. The natural enzymes contained in Orb-3 Spa Enzymes aid in the digestion of body oils, lotions, cosmetics & other organics.

Orb-3 Spa Enzymes also helps eliminate waterline buildup, stabilize pH, clean spa filters & reduce water upsets.

Directions Mix the recommended dosage with a bucket of spa water & evenly apply around the spa surface.

Usage Rate 1 ounce per 500 gallons of spa capacity weekly.

For Best Results Double recommended dose when opening or closing the spa for the season or if bather loading increases significantly. Apply product more frequently (i.e. half the dose twice per week) to arrive at the same weekly rate of product consumption. Performance will improve with more frequent application. Use automated pump if possible. Apply when water temperature is 50-110 degrees F & pH & alkalinity are at recommended levels.

Special Instructions Do not mix directly with sanitizers or other chemicals. Safe to swim immediately after use.

Shelf Life Store this product out of direct sunlight in a cool dry area. For best results, use within 12 months.
